(1st-10th std)

## About Me

A dynamic and competent communicator certified by the Trinity College, London.

Design for me is all about making complex ideas more accessible by working around constraints & finding ways to satisfy them.

My enthusiasm for music, culture & literature has always provided me with food for thought, which is what I believe fuels my creativity.

My projects have always been influenced by the space around me, & my inclination to connect far-flung thoughts into a single theme.

## Work Experience
